Relationships and Services

What investment services and advice can you provide me?

Services: We offer investment advisory services to retail investors. These services include guidance & planning plus investment management which involves regular and continuous Client interactions integrated with ongoing guidance and planning and portfolio management services. We also offer ongoing guidance and planning and portfolio management on a stand-alone basis. Our services can be offered as a wrap fee program where we combine securities transaction fees and other fees and expenses with our investment advisory services. We work closely with you to identify your investment goals and objectives, as well as risk tolerance and financial situation in order to develop an investment approach.

Accounts, Investments, and Monitoring: We provide services to individual, joint, retirement, trust, estate, UGMA, UTMA and held-away variable annuity accounts. We primarily use mutual funds, exchange-traded funds, individual debt and equity securities, variable annuities and independent investment managers, and privately placed securities, which includes debt, equity and/or interests in collective investment vehicles in constructing portfolios. We do not make available or offer advice with respect to only proprietary products or a limited menu of products or types of investments. As part of our services, we monitor portfolios and securities in accounts on a regular and continuous basis. We also meet with you at least annually, or more frequently, depending on your needs.

Investment Authority: We provide our services on a perpetual and discretionary basis. We execute investment recommendations in accordance with your investment objectives without your prior approval of each specific transaction. Our engagement will continue until you notify us otherwise in writing.

Account Minimums & Other Requirements: We do not require an account or relationship size minimum in order for you to open/maintain an account or establish a relationship.

Additional Information: For more detailed information on our relationships and services, please see Item 4 – Advisory Services, Item 13 – Review of Accounts and Item 7 – Types of Clients of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

Fees, Costs, Conflicts, and Standard of Conduct

What fees will I pay?

Asset-Based Fees: Our asset-based fees for comprehensive guidance & planning plus investment management and stand-alone investment management range from 0.20 to 1.50% annually. This fee is collected on a quarterly basis and calculated as a percentage of the value of the cash and investments in your account[s] that we manage. This presents a conflict of interest as we are financially incentivized to encourage you to place more assets in your advisory account as you will pay more in advisory fees. If you are engaged in our wrap fee program, asset-based fees will include most securities transaction fees and fees to a broker-dealer or bank that has custody of your assets, and therefore you will have a higher asset-based advisory fee.

Fixed Fees: Our fixed annual fees for guidance & planning only range from \$1,500 to \$20,000 per year. This fee is collected on a quarterly basis and is negotiable based on the nature and complexity of the services to be provided and the overall relationship with us.

Other Fees & Costs: In addition to our advisory fee, you will also be responsible for third party manager fees, account administrative fees, fees and expenses related to mutual funds and exchange-traded funds and applicable securities transaction fees. If you are in our wrap fee program, applicable securities transaction fees will be included in our advisory fees.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A available via our firm’s [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means.

We sponsor a wrap fee program which means that we bundle securities transaction fees with our investment advisory services for a single investment advisory fee. In other words, we absorb any securities transaction fees borne in your accounts. We are therefore financially incentivized to limit the number of trades placed in your accounts or to utilize securities that have no transaction fee.

Additional Information: For more detailed information, please see Item 10 – Financial Industry Activities and Affiliations, Item 12 – Brokerage Practices and Item 14 – Client Referrals and Other Compensation of our Form ADV Part 2A available via our firm’s [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *How might your conflicts of interest affect me, and how will you address them?*

How do your financial professionals make money?

Our financial professionals are compensated based on a percentage of the revenue generated from the accounts they service directly. This means financial professionals have an incentive to increase the asset size in the relationship or solicit new business, taking time away from the day-to-day servicing of existing clients.

Disciplinary History

Do you or your financial professionals have legal or disciplinary history?

No. You can visit Investor.gov/CRS for a free and simple search tool to research our firm and our financial professionals.

Conversation Starters: *As a financial professional, do you have any disciplinary history? For what type of conduct?*
